### Our school initiatives are showing substantial progress toward our targets

After reviewing our 2017 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Deepen and consolidate our pedagogical practice of the teaching of writing through deconstruction and effective application of our whole school explicit teaching process.
- Clearly articulate and implement the development of student goals and feedback.
- Enact a strong case management process that focuses on the next steps for learning for students.
- Enhance the implementation of Philosophy as the corner stone of critical and creative thinking.
